

2022–2023 Preschool–Grade 12

From the **PRESIDENT**

Troy A. Shoemaker, Ed.D.

Dear Parent,

Abeka was started in 1972 by educators who saw a need. They could not find textbooks that combined strong academics with a biblical worldview. What started with a few elementary readers has grown into a complete line of curriculum and resources for Pre-K through 12th grade. We consider it a privilege to partner with homeschooling families around the world.

Fifty years later, there has never been a greater need for quality homeschool resources. Students need the confidence that there is a God Who loves them and has an amazing purpose for their life. They need a sound education with critical thinking skills to apply knowledge and creatively solve problems. Students need a biblical worldview to influence the world around them that is increasingly without hope and without answers. As a parent, your commitment to providing a sound education for your child will greatly influence the next generation of citizens and leaders.

Thank you for allowing us to be your home education partner. We are excited about the future and look forward to hearing about how your family's commitment to homeschooling will impact your children and your community in meaningful ways.

LAYING THE FOUND

Abeka provides a trusted educat

BIBLICAL WORLDVIEW

Integrates into each subject

Emphasizes God's character and eternal truths

Equips students for standing firm in God's Word

Prepares students to make a difference for eternity

Teaching every subject through the lens of scripture reinforces that our lives aren't split into the sacred and the secular everyday life. It gives students countless opportunities to come to Christ for salvation and to adopt biblical values of their own.

RESEARCH & DEVELOPMENT

Utilizes curriculum mapping

Incorporates educational standards and objectives

Studies academic trends

Evaluates how Abeka prepares students for standardized testing

Applies customer feedback

Products meet both biblical standards and academic standards so that your students are prepared for wherever God calls them—from the mission field to the medical field. What you'll teach is relevant, datadriven, and created to meet your needs. You won't be teaching to a state or national test, but your students will be ready. When you use Abeka, you'll experience how a Christian education is an excellent education.

ATION FOR SUCCESS

ion built on four main principles:

PROVEN PHILOSOPHY

Leads and engages students

Builds character

Includes cross-subject integration, phonics-based reading, and a spiral learning approach

Your materials and methods start with the firmest foundation: what the Bible says about human nature, knowledge, authority, orderliness, and philosophy. Instead of complying with the latest short-lived academic trends, your lessons will build on methods that have produced results for generations.

Your students will learn the knowledge and skills they need, but they'll also learn how to learn, build sound character, establish healthy relationships with others, and form the priceless habit of personal accountability.

CRITICAL THINKING

Enabled by teaching a firm foundation of facts

Challenged through higher-level thinking and application of facts

Supports the goal of well-educated students able to defend their faith and apply knowledge

Building from a foundation of facts, your students will learn how to apply those facts to solve problems, generate ideas, and discern truth.

They'll be able to think through issues, form logical arguments rather than just opinions, and make wise decisions. They'll be equipped to stand out as leaders and use their influence to make a difference.

New & Revised Products

Grade 5Reading

Use Abeka's updated Reading 5 resources to solidify your child's literary development through analysis and evaluation of broadened content.

New selections will capture

your reader's attention while developing a biblical worldview, and tried-and-true selections provide opportunities to strengthen critical thinking skills. Additional discussion topics and critical thinking questions in the expanded Reading 5 Curriculum Lesson Plans and Reading 5 Answer Key will enhance your child's understanding of each selection.

Grade 6Bible 6 Journal

With this unique Bible journal, your student-turned-archaeologist will dig deep into Scripture to uncover hidden treasures. This journal takes children beyond the who and what of Scripture

to the why and how of Christian living. Journal entries contain Daily Living sections that encourage personal application of biblical precepts. Prayer Journal entries encourage spending time with God and recording answers to prayer. Correlated with the Grade 6 Bible Curriculum, this journal helps children develop a biblical worldview as they cultivate a daily walk with God.

Grade 8History

America: Land I Love presents a chronological account of American history with a factual emphasis on the people and events that shaped

the United States. Incorporated throughout are thought-provoking questions to develop critical thinking skills and a biblical worldview regarding the significance of individuals and events in the nation's history. The Civics Activity Book encourages students to learn more about their state and local governments through a variety of activities and worksheets. The Geography Studies and Projects of the Western Hemisphere workbook provides pages of facts and map activities for a focused study of geography in the Western Hemisphere. This course highlights America's heritage of faith and her patriotic pursuit of freedom as foundational values in the history of the United States of America.

Grade 9Science: Matter and Energy

This revision provides an intriguing study of matter and motion, energy and waves, electricity and magnetism, and chemistry.

Detailed images enhance understanding of the concepts. In addition, the *Science: Matter and Energy Lab Manual* will provide students with the "hands-on" components of these subjects. Students will gain a greater knowledge of, interest in, and appreciation for God's physical creation.

Grade 10Biology

Biology: God's Living Creation introduces students to botany, zoology, microbiology, physiology, cytology, and genetics.

Foundational concepts are arranged in manageable portions, and clear explanations are framed within a biblical worldview. Exercises throughout provide students with opportunities to refine critical thinking skills. In addition, the comprehensive Biology Field and Laboratory Manual will provide students with the "handson" components of lab safety, microscopy, and dissection. Along with academic knowledge, students will gain a greater appreciation for God's physical creation and an increased interest in science.

Grade 12Bible: Genesis

The book of Genesis provides a solid foundation for the development of a biblical worldview. This course takes an expository,

in-depth look at the events and the effects of Creation, the Fall of man, the Flood of Noah's day, and the Tower of Babel. With a focus on origins, worldview, and an introduction to apologetics, students will understand what they believe, why they believe it, how they can apply their beliefs in daily living, and how they can share biblical truths with others. The study is enhanced with My Worldview prompts to articulate personal application and Dig Deeper sections to allow for further study of related topics.

ElectivesSpanish 2

Building upon the foundational principles taught in *Spanish 1*, this new second-year Spanish course continues to engage students in a functional approach to learning the

language. Exercises and activities focus on expanding the students' vocabulary and teaching new tenses that will enhance the students' ability to communicate in various real-world situations. Writing labs and oral presentations are designed to increase confidence in written and oral fluency. The corresponding *Literacy Comprehension Exercises* book provides practice through segments highlighting Spanish-speaking countries around the world, along with additional reading selections, songs, and poems. Through exercises, reviews, and a variety of applications, students will develop the practical tools they need to increase their fluency in the Spanish language.

Speech

Speech for Every Day is a foundational text designed to provide students with conversational skills in public speaking and oral interpretation. The public speaking sections focus on

sharpening academic and business presentation skills while the oral interpretation activities emphasize making communication vivid and memorable. While students may enjoy or be more comfortable with one feature of speech, this text demonstrates how both aspects—public speaking and oral interpretation—work together for the best communication.

ABEKA ACADEMY

STARTING OUT WITH ABEKA ACADEMY

After your purchase of an Abeka Academy accredited video enrollment or independent study (unaccredited) video instruction, complete the fulfillment process to customize your video program to suit your specific needs. This is where you'll enroll your student, choose cursive or manuscript handwriting for K4–1st grade, choose whether you'd like the DVDs or access to video streaming, choose print or digital products for 7th–12th grade, and select your begin date. Once these selections are finalized, our team can complete your enrollment and prepare your materials for shipping.

FULFILLMENT PROCESS

Handwriting Choices

Cursive

Manuscript

To meet your writing preference, we offer two handwriting options for K4-1st grade: *Cursive or Manuscript*. Choose the handwriting method that best suits your child. Both options include a full year of video lessons with writing instruction in the chosen method.

Viewing Choices

1 Video Streaming

2 DVD

For convenience and flexibility, we offer two viewing choices: Video Streaming or DVD (elementary single-subject video may be available as streaming only). Both options include the same video content, cost the same amount, and are accessible for 12 months starting from your chosen begin date. Lessons watched by video are pre-recorded lessons that you can pause, play, and rewind. Stream lessons on any Mac, PC, iPad, or Android tablet that has a high-speed internet connection.

Lessons watched by DVD do not require any internet connection. The DVD video lessons will arrive with your textbook materials and must be returned within 12 months of your chosen begin date.

Assessment Choices

Print

For 7th-12th grade accredited video enrollments, students have two assessment choices: **Print** or **Digital**. Both options cost the same amount and have the same number of assessments. When digital assessments are chosen, students will take assessments online for all courses that have digital assessments available.

Textbook Choices

1 Print

For 7th-12th grade video and books programs, we offer two textbook choices: *Print or Digital*. Both options cost the same amount and include the same number of textbooks. When digital textbooks are chosen, students will receive access to available digital textbooks instead of a print textbook. Digital textbooks are licensed for 12 months from the date they are redeemed.

FINISHING WITH ABEKA ACADEMY

Graduation

Abeka Academy seniors eligible to graduate in the accredited program have the opportunity to meet their video teachers, connect with other homeschool students, and walk across the stage to receive their diploma at our annual Abeka Academy graduation ceremony.

The ceremony is held in Pensacola, Florida, on the campus of Pensacola Christian College. Each accredited senior who has successfully completed all requirements* will receive an invitation to join.

*Please see abeka.com/gradrequirements for details.

"Whatever comes next in my life, I'm prepared for it. I'm so thankful for Abeka Academy."

-Amoranda

When you choose to give your child a home education with Abeka Academy, you're getting the flexibility of homeschool and the traditional setting of a Christian school classroom. The classroom setting will give your child the competition he needs and truly make him feel as if he is part of the class.

Each day, your child will spend about 4-6 hours completing a lesson, primarily through engaging video instruction. While the lesson planning and teaching are done for you, your child will still have the benefit of your one-on-one guidance at home as you set up his video lessons, help keep him on track, oversee his daily assignments, administer his assessments, and grade his work.

The best part of homeschooling is getting to school your way and on your schedule. We give your child a full 12 months to finish his lessons, but the when and where are entirely up to you because we know that you are best equipped to arrange your child's daily schedule.

Our creative and experienced video teachers provide daily lessons in engaging and unique ways that aid in retention. Each day, your child will listen to the lesson instruction, participate in the interactive video portions, complete daily assignments and activities, and test his knowledge and comprehension by taking the called-for assessments.

If your child has questions on the homework or over the lesson, our experienced Academic Advisors are available for tutoring. If additional assistance is needed, just call 877-223-5226 to reach them.

For accredited students, the Report Card feature shows the current averaged grades your child has attained in each class. For your convenience, you can view the report card on your device or print out a physical copy.

The Dashboard

For accredited students, the Report Card feature shows the current averaged grades your child has attained in each class. For your convenience, you can view the report card on your device or print out a physical copy.

The customizable Grade Alerts for accredited students taking digital assessments in grades 7-12 will allow you to keep an eye on problem classes and be notified when a new grade gets added into the system.

Subject Progress makes it easy for you to track your child's progress in each subject for the grade he is enrolled in. The percentage of completed lessons can be seen in these circles for accredited and independent study (unaccredited) students. With online streaming videos, your child's progress is updated automatically; however, if you're using our DVDs, you'll manually update his progress.

PRESCHOOL The Learning Adventure Begins

The most challenging seasons of parenting can also be the most rewarding. As your little one leaves toddlerhood and becomes more like a child than a baby, you'll see major changes. Yes, children are still throwing tantrums, but they're also learning to throw and catch balls. Not only

will their gross and fine motor skills develop, their thinking and language skills will grow. They'll invent stories and be able to tell you about them with short sentences. And you'll play a huge role in their development.

KINDERGARTEN—4-YEAR-OLD To four-year-olds, every day is Independence Day.

In case you haven't noticed it yet, four-year-olds like to start asserting their independence. Their language skills are blossoming rapidly. They can retell stories with surprising accuracy. And cognitively, they're not just memorizing facts. They're learning about learning—how to ask the

questions that will help them process information into understanding. The good news is, their ability to focus is growing as well, which means you'll be able to take advantage of a host of new teaching opportunities this year.

KINDERGARTEN—5-YEAR-OLD Laying the foundation for a lifetime of confident learning.

A five-year-old's math skills, their reading speed and accuracy, their ability to understand more abstract concepts-it's all flourishing. They're becoming more confident learners. And they're growing more confident around others. These social butterflies are spreading their wings,

making new friends, and learning how to cooperate. In short, they're continuing the journey to greater independence they've begun within the last year. But they still cherish the warmth and comfort of your love.

How do you want to homeschool?

I want to use Abeka books and video lessons for every subject with Abeka Academy.

I want to choose what fits my needs with flexible options.

· SUPPORT MATERIALS · VIDEO LESSONS ON DEMAND

We are enrolled in K5, and my child loves it so much that we started early and she wanted to do her school over the weekend. Our daughter just began to do cursive today, and it is truly amazing to be able to teach and learn with them. We will be doing this program with our son too. I was nervous about her learning cursive, but the teacher does a great job explaining everything. -Mary C. **55**

Meet Your Teacher

Mrs. Turner

The curious minds of kindergartners are in great hands with the experience and ability Mrs. Crystal Turner possesses. She enjoys visiting the beach, sipping a cup of chai, and spending time with her family.

Abeka Academy

Engage your child and lighten your load with video homeschooling for every subject.

With Abeka Academy, your child will get the engagement and competition of a classroom setting plus the one-of-a-kind experience of schooling at home. Your video teacher will draw your child in to each lesson, like he's part of the class. And since lessons are prerecorded, you can do school anywhere, anytime.

DO WHAT WORKS (PHONICS-BASED READING)

Teaching your child to read shouldn't be a struggle. Enjoy inspiring your five-year-old to read using the simple steps of Phonics. Beginning with letter sounds, students quickly learn to join the sounds together to form words. Sounding one- and two-vowel words will delight your child as he is able to

read simple stories on his own!

At-a-Glance

By the end of the school year, your child should:

Sound blends. one- and twovowel words. and words with phonics special sounds

Recognize, count, and write numbers and number concepts from 1 to 100

Memorize over a dozen poems numbers come before and after any number from 1 to 100

Understand the largest and smallest from numbers 1 to

Explore plants, animals, earth, space, and health

Learn about community helpers like the firefighter and police officer

in the United States

Read sentences and stories from over a dozen different books

Hear about the Life of Christ

Engage in art activities

Learn about children of other countries

On your mark. Get set. Grow up.

If first graders seem like they're always in a hurry, it's because they can be competitive.

They want to finish first, and that makes failure hard to handle. Yet, while their independence is growing, they still crave affection from their

parents. You'll help shape your child's reading, writing, and arithmetic skills. More significantly, as his abstract thinking and reasoning skills develop, they'll understand good and bad—and right and wrong—based on what you think.

Academy.

We did kindergarten and first grade for one of our kids. After going through those 2 years with Abeka, we decided to switch all 3 over to Abeka and do the video school with the oldest 2. It has been lifechanging for our oldest. Her interest in school has skyrocketed. We can barely get her away to eat. The video school has literally changed our school lives. We will be getting it for next year for our smallest one also.

I want to choose what fits my needs with flexible options.

LAYING THE FOUNDATION FOR SUCCESS

ENCOURAGE THOUGHT

"Learning to read" prepares students for "reading to learn," building a natural bridge to critical thinking. Through text questions and guided discussion, children learn to organize and analyze information and answer inferential questions based on textual clues as they develop an awareness of the world around them.

The Journey to Become One of the "Big Kids"

Second grade represents a major transition. No longer just out of kindergarten, children are ready to take on some serious learning. Gone are the days when they rely solely on life experiences

to learn. They can now process information better, understand riddles, and build on what they already know to make connections to new concepts.

How do you want to homeschool?

I want to use Abeka books and video lessons for every subject with Abeka Academy.

Meet Your Teacher

Mrs. Chappell

Mrs. Chappell has dreamed of being a teacher since she was in second grade when she accepted Jesus as her Savior. She desires to give back to her students what was given to her, an excellent education and the love of Jesus Christ. Mrs. Chappell enjoys singing in her church choir, performing in Christian plays, and cross-stitching.

Abeka Academy

Engage your child and lighten your load with video homeschooling for every subject.

With Abeka Academy, your child will get the engagement and competition of a classroom setting plus the one-of-a-kind experience of schooling at home. Your video teacher will draw your child in to each lesson, like he's part of the class. And since lessons are prerecorded, you can do school anywhere, anytime.

LAYING THE FOUNDATION FOR SUCCESS

GIVE YOUR BEST

Research of educational standards, customer feedback, and testing data led to the creation of *Reading*Comprehension 2. With instructional helps provided in the Parent Edition, you will help your child develop reading ability, comprehension skills, critical thinking skills, and literary appreciation through enjoyable activities that also promote a biblical worldview.

Full-Grade Book Kits

Save time—and 10%—by ordering full-grade kits instead of several individual items. Your child will get the benefit of seeing related content in several subjects. And you'll have the peace of mind that comes from knowing you won't have to worry about learning gaps. Plus, you won't have to try to figure out how to use several different curriculums at once.

Girls and Boys and Giggles and Groups

Your third grader is growing up fast. At this age, kids can talk at nearly an adult level. Being part of a group—a team or a club—gives them the sense of belonging they crave. But they're still very prone to being silly. Over the course of the year,

you'll have the opportunity to help them navigate their growth spurts-spiritually, physically, socially, and academically—as they seek answers. "Who, what, when, where, why, and how do I fit in?"

How do you want to homeschool?

I want to use Abeka books and video lessons for every subject with Abeka Academy.

LAYING THE FOUNDATION FOR SUCCESS

DO WHAT WORKS (CROSS-SUBJECT INTEGRATION)

Correlating composition opportunities with the familiarity of learning in other subjects gives fresh relevance to learning and further develops individuality in critical thinking. Writing with Purpose promotes student interest and success through practical writing opportunities.

Full-Grade Book Kits

Save time—and 10%—by ordering full-grade kits instead of several individual items. Your child will get the benefit of seeing related content in several subjects. And you'll have the peace of mind that comes from knowing you won't have to worry about learning gaps. Plus, you won't have to try to figure out how to use several different curriculums at once.

Big kids who still have a long way to grow.

This is the year that children really begin to make a turn toward maturity. Fourth graders have a strong sense of responsibility and fairness. More than ever, they use reasoning and deduction in their thinking. They'll write structured paragraphs with topical introductory and closing sentences. And by the end of the year, they'll be able to add, subtract, multiply, and divide large whole numbers. With you as his teacher, your child will make huge strides academically.

Academy.

I was so intimidated by the very idea of homeschooling since I was not the greatest student myself. After a horrific experience through the free program offered by our district, I thought my fears were confirmed and that I would not be able to successfully educate my 3 children. Reluctantly, I gave Abeka a chance. I ended the first day in tears, but they were tears of relief! I knew that not only could we do this, but that we would actually enjoy our learning experience. We are getting ready to start 5th grade and are so thankful for the way Abeka has enriched our lives, our relationship, and our education.

Meet Your Teachers

Miss Amsbaugh

Video students will enjoy learning new and exciting subjects with Miss Amy Amsbaugh. During the summers, Miss

Amsbaugh takes the time to attend educational conferences and clinics to prepare herself for the next year.

Miss Gutierrez - Reading

Miss Gutierrez uses her love of storytelling and her enthusiastic personality to engage fourth-grade students. She has a passion for seeing children succeed and grow in the Lord,

and in her free time, enjoys baking a variety of sweet treats.

Mrs. Tupua - Language Arts

Mrs. Barbie Tupua's class is consistently prepared for new material and is ready to achieve to the best of their ability. When she's not teaching, she enjoys scrapbooking and cooking for her family.

Abeka Academy

Engage your child and lighten your load with video homeschooling for every subject.

With Abeka Academy, your child will get the engagement and competition of a classroom setting plus the one-ofa-kind experience of schooling at home. Miss Amsbaugh, Mrs. Tupua, and Miss Gutierrez will draw your child in to each lesson, like he's part of the class. And since lessons are prerecorded, you can do school anywhere, anytime.

LAYING THE FOUNDATION FOR SUCCESS

DO WHAT WORKS

Teaching subject matter outside of our comfort-zone can be overwhelming. Abeka provides what to teach and step-by-step ideas for how to teach it, based on the experience of successful teachers. Parents, then, have flexibility to customize the learning experience to meet the needs of their children.

Full-Grade Book Kits

Save time—and 10%—by ordering full-grade kits instead of several individual items. Your child will get the benefit of seeing related content in several subjects. And you'll have the peace of mind that comes from knowing you won't have to worry about learning gaps. Plus, you won't have to try to figure out how to use several different curriculums at once.

Get 10 hours of access to any video lesson in any subject, any grade. Use your time however you want—minutes at a time or hours at a time. If you're sick and need a "sub" for the day...if your child needs help with a tough concept...if you'd like a little review throughout the summer or Christmas break...lessons on demand can help!

Expert teachers recorded in their classrooms make difficult concepts simple and engage each student (including ones at home). With lessons on demand, you get the benefit of their expertise without paying the price for at-home tutoring or private schooling.

To purchase Lessons on Demand, go to abeka.com/VideoLessons.

At-a-Glance

By the end of the school year, your child should:

GRADE 5

Acting more grown up-still a child at heart.

Fifth graders are on the verge of adolescence. His speech patterns sound very grown-up. He's reasoning like grown-ups, using logic, and thinking about cause and effect. If you're accustomed to hugging your child in public, this could be a difficult time for you as he wrenches

himself away from your embrace, literally and figuratively. But he still needs you. He's very achievement-oriented now. By praising his successes, you'll help his self-confidence grow. And that will be a key to helping him overcome negative peer pressure.

herself for the next year.

Miss Amsbaugh - History/ Geography, Science/Health, & Bible

Video students will enjoy learning new and exciting subjects with Miss Amy Amsbaugh. During the summers, Miss Amsbaugh takes the time to attend educational conferences and clinics to prepare

Miss Green - Reading

Miss Katie Green desires to spread her love of reading to her students. She accomplishes this by providing good stories to read and asking questions that make them think. She enjoys coffee, reading, and playing her clarinet

Begin dates starting August 8

Mrs. (Burns) Nagel - Language Arts

Mrs. Katie (Burns) Nagel uses her experience as an Abeka Academy graduate to impact the lives of her students. Her hobbies include outdoor activities such as hiking, biking, and jogging.

Reading—Begin dates through July 31 (while supplies last)

Mr. Howe - Arithmetic

Mr. David Howe is always willing to go "above and beyond" to guide his students through new and familiar material. In addition to his vital role in ABA, Mr. Howe often participates in committees that serve local citizens.

Abeka Academy

Engage your child and lighten your load with video homeschooling for every subject.

With Abeka Academy, your child will get the engagement and competition of a classroom setting plus the one-of-a-kind experience of schooling at home. Miss Amsbaugh, Mrs. Nagel, Mr. Howe, and Miss Green will draw your child in to each lesson, like he's part of the class. And since lessons are prerecorded, you can do school anywhere, anytime.

LAYING THE FOUNDATION FOR SUCCESS

ENCOURAGE THOUGHT

The 5th grade encyclopedia report prepares your student for the library research report. Researching a subject of particular interest to him allows your student to individualize the grammar and writing concepts he has learned. Gathering and organizing information and clearly and effectively communicating it allows your student to demonstrate his personal application of knowledge and skills.

Full-Grade Book Kits

Save time—and 10%—by ordering full-grade kits instead of several individual items. Your child will get the benefit of seeing related content in several subjects. And you'll have the peace of mind that comes from knowing you won't have to worry about learning gaps. Plus, you won't have to try to figure out how to use several different curriculums at once.

Complete Parent Kit (Gr. 5) 403342

Get everything you need to teach in a Complete Parent Kit. It's the Essential Parent Kit + Add-ons (at a 10% discount).

For the Bible kit, see p. 123.

Save time—and 5%—by ordering subject kits instead of several individual items. With a child kit, your child will have everything he needs for that subject. With a parent kit, you'll have the main materials you need to teach that subject, then you can choose recommended support materials from the add-ons list.

Growing up at the speed of life.

Sixth graders are a study in contradictions. Mature one moment and immature the next. Excited, but also overly anxious. Bundles of energy, yet he can seem lazy and tire easily. That's the exciting roller coaster families experience during these years. What makes it a special time is your child's increased capacity for abstract thinking, deductive reasoning, and differentiating between fact and opinion. So take heart. As the elementary years draw to a close, sixth grade is the springboard for middle school and beyond.

Meet Your Teachers

Mr. Howe - Arithmetic

Mr. David Howe is always willing to go "above and beyond" to guide his students through new and familiar material. In addition to his vital role in ABA, Mr. Howe often participates in committees that serve local citizens.

Mrs. Tupua - Language Arts & Bible

Mrs. Barbie Tupua's class is consistently prepared for new material and is ready to achieve to the best of their ability. When she's not teaching, she enjoys scrapbooking and cooking for her family.

M

Miss Lewis

- History/Geography & Science/Health

Miss Melissa Lewis earned a bachelor's degree in elementary education with the goal of making a difference in students' lives. Even during

the summers, she invests in young lives as a summer camp counselor.

Abeka Academy

Engage your child and lighten your load with video homeschooling for every subject.

With Abeka Academy, your child will get the engagement and competition of a classroom setting plus the one-of-a-kind experience of schooling at home. Mr. Howe, Miss Lewis, and Mrs. Tupua will draw your child in to each lesson, like he's part of the class. And since lessons are prerecorded, you can do school anywhere, anytime.

LAYING THE FOUNDATION FOR SUCCESS

RAILD ON THE RIRLE

Presenting history as the story of what man has done with

the time God has given him allows the student to see God's hand of provision and mercy in coordination with man's choices as the western hemisphere's nations develop.

Full-Grade Book Kits

Save time—and 10%—by ordering full-grade kits instead of several individual items. Your child will get the benefit of seeing related content in several subjects. And you'll have the peace of mind that comes from knowing you won't have to worry about learning gaps. Plus, you won't have to try to figure out how to use several different curriculums at once.

SMART CHOICE

I am so grateful for the opportunity to share the word of God through my son's school lessons every day. Abeka even let me set up payments, which is so helpful.

AWESOME

I love the Abeka program. Beautiful and organized texts and amazing video lectures as well. The teachers are outstanding.

MELISSA R

My son's reading has taken off. The phonics program helps him truly understand how to break apart words and improve his reading skills.

ALWAYS EAGER TO HELP

Our family is grateful for Abeka's team! You have come alongside us for the past 12 years of our homeschooling journey! You are so supportive and helpful!

FANTASTIC

I truly enjoy the constant review of previously learned material. This avoids the "I don't remember doing this" when it comes to test time.

With elementary school behind you and the prospect of growing up before you, the next few years will fly by. Abeka is here to help you make the most of this time.

Decisions, Decisions, Decisions

Over the next several years, you and your student will face more and more decisions. Some will be about their long-term future. But not every choice concerns college and career paths. In high school, you'll have to decide about electives.

There's also the issue of how you'll document your student's educational accomplishments. Be sure to do your research, as the requirements vary from state to state. These are just the start of your decisions.

What We've Learned About How Teens Learn

Any family with a teenager can experience conflict. Ironically, such difficulties occur as our children become more like us. Abeka understands which academic disciplines are foundational to their future. So as they move toward independence, our coursework provides them with opportunities to demonstrate their ability to set goals, plan their time, and succeed more independently.

Doing What's Best For Your Student

We partner with parents as they educate their children. That's why we designed a recommended sequence of study to help students learn better. Based on over 40 years of real-life experience, our unique approach reinforces learning by coordinating content across subjects. For example, the literature focus for a tenth grader complements the focus of his history and geography studies. Best of all, we make it easy to order by bundling items together in kits.

However, we respect a parent's desire to have the final say in their student's education. So while we can only guarantee maximum effectiveness when you follow our recommended sequence, we want you to do what's right for your family. That's why we've included some helpful tools in this catalog.

On the next page, you'll see the courses your middle schooler should take and which year. But you'll also have the option of deciding on a different sequence for many of those classes.

The same goes for high school. On pp. 176-177, we've illustrated our recommended sequence for

MIDDLE SCHOOL COURSE GUIDE

As your student's learning kicks into high gear, he'll have a lot of coursework to cover in preparation for high school.

Below is a worksheet that can help you plan for middle school. The top two rows contain the courses and sequence we highly recommend for middle schoolers. Use the bottom row as a worksheet if you choose to customize your child's sequence and course selection for middle school.

GRADE

The storm and stress and next steps of the journey.

With elementary school finished and high school just around the corner, you can be sure your child gets a good start to his secondary education by remembering a few things.

Pre-Teen Life

Middle schoolers are pulled in different directions. Peer pressure means their group is challenging the standards, at church and elsewhere. Despite this group dynamic, they can feel isolated and alone. More than ever, your child needs parents who'll be loving, firm, and consistent.

Make the Most of This Year

You should take advantage of your student's increasing self-reliance and enthusiasm. Seventh graders tend to be more interested in current events and can approach long-term projects with great energy. Foster this enthusiasm to create a good learning and work ethic for middle school, high school, and beyond.

Crossing the threshold from childhood to young adulthood.

This is an exciting time for your eighth grader. Everything is changing for him as he moves ever closer to being grown up.

What to Expect from Your Eighth Grade Student

During this time of rapid growth, you'll get to witness the development of your eighth grader's abstract reasoning skills. The same goes for his ability to grasp more complex concepts.

As his problem-solving skills grow, you'll no

longer need to "hold his hand" through difficult learning milestones. With a little time and encouragement, he'll be able to learn more and more on his own.

Questions and Answers

Don't be surprised if your student begins to question or challenge answers. This normal part of his intellectual growth affords you the opportunity to interact with him on a deeper level and demonstrate the solid reasoning behind what you believe and teach.

finally reached the shores of North America. Blown off course by a storm, the Pilgrims had landed far to the north of Virginia, where they had permission to settle. With winter fast approaching, they decided to remain where they had landed, in a region they called New England. On November 11, they maneuvered the Mayflower into Cape Cod Harbor.

Being thus [arrived] in a good harbor and brought safe to land, they fell upon their knees and blessed the God of heaven, who had brought them over the vast and furious ocean.2

Science: Earth and Space investigates fields such as geology, oceanography, meteorology, astronomy, and environmental science with the goal of discovering the thoughts of the Creator through the ingenious structure and orderly function of His creation (Ps. 19:1). Recognizing special creation as the only reasonable explanation for the origin of the universe, this text rejects the unproven hypothesis of evolution.

Academy. GRADUATION Sponsored by Reabeka.

Graduating high school is a significant accomplishment, and we want to help you celebrate! Each student enrolled in our Abeka Academy accredited program who meets all the requirements* will have the opportunity to participate in the Abeka Academy graduation exercises and activities.

Outside of the ceremony itself, your student can look forward to the various activities we've scheduled:

- · Video teacher meet-and-greet
- · Activities with family, friends, and teachers
- Pensacola Christian Academy and Pensacola Christian
 College tours

*Please see abeka.com/gradrequirements for details.

What an amazing weekend for graduation! Thank you Abeka for your ministry in allowing us to educate our children at home. 2 down, 3 to go!

-Sarah H., Parent

Make plans to join us in May for the Abeka Academy graduation on the campus of Pensacola Christian College in Pensacola, Florida. If your student is planning to attend, please be sure to complete the petition to march. This form can be found and filled out on the parent dashboard on the Abeka website through April 1, 2022.

This year, we will be conducting the graduation ceremony on two different days in May. The ceremony itself will be livestreamed on the Abeka Homeschool Facebook page for convenience. Diplomas will be issued to graduating seniors when graduation requirements have been met.

Please contact us at ABAGraduation@abeka.com for more information.

Thank you so much Abeka Academy for my
education! I am so thankful my parents chose this
path for me! I feel strong about my future thanks to all I
learned from Abeka.

-Angelo D., Graduate

High school and the higher expectations that come with it.

This year, your teenager joins the ranks of high school. The future begins in earnest now. It's officially time to start thinking ahead.

Looking Forward

You don't need to plan the rest of his life, just the next four years. Map out what courses he'll take and when. Get him involved in a club, team, or volunteer organization. This can be helpful when it comes to college admissions. (NOTE: Consider

the benefits of a long-term commitment to one or two compared to a superficial commitment to several.)

What to Focus On

Peer pressure is still a big deal at this stage of life. So shore up what you've already taught about choosing right from wrong.

Also, focus on his health and nutrition. Teens need good food, regular physical activity, and plenty of rest. Establishing good habits this year will have long-term benefits.

How do you want to homeschool?

I want to use Abeka books and video lessons for every subject with Abeka Academy.

Academy.

We've been with Abeka for 8 years. I have one in 9th, one in 6th, and one in K5. We tried another program when my older two were in K5 and 3rd grade. It was way behind Abeka. We switched back the next year.

-Cliff H.

I just wanted to say that I am so happy we chose Abeka Academy this year. I am completely impressed by the quality of the teachers. The teachers are so well prepared for each session. They are engaged and enthusiastic as well.

ENCOURAGE THOUGHT

The purpose of science is carefully observing nature, discovering the laws of creation, and using those laws for mankind's benefit. Understanding that the world is the orderly creation of a wise God, students are equipped to use the scientific method to articulate problems, design experiments, and find solutions.

Learning a lot and looking ahead.

This year, your teen will likely be pushing limits, challenging assumptions, and wanting to know why things are true. His life values and conscience are being molded, and it couldn't come at a more important time.

What to Keep an Eye On

For students who breezed through their studies in the past, tenth grade can be a rude awakening as coursework grows more advanced. Stay involved to make sure he's not falling behind.

To-Do List for This Year

- Create a Career Worksheet, exploring job interests your child might want to pursue.
- If he hasn't done it yet, choose an extracurricular group to invest in such as a sports team, a club, or youth group. This will be important later on when he's applying to colleges.
- If he plans to take the ACT/SAT next year, study for them during the summer. That will give him more time than during the school year.

Academy.

Our kids have been using the Abeka DVDs for 9 years. Our daughter just graduated from high school in Pensacola with the other Abeka seniors. (One of the highlights was meeting and taking pictures with her video teachers.) We were also excited to take a tour of Pensacola Christian Academy! She will be starting college at Pensacola Christian College in August! Our son has 2 years left with the Abeka accredited program. We can't wait to see him walk across the stage with the other Abeka students!! This program has taken away any feelings I may have had of feeling inadequate to 'teach' my kids. And since we start early in the morning, the kids have so much freedom to be involved in extracurricular and church activities. They have time with their friends, eat dinner with the family, and get a good night's sleep!

LAYING THE FOUNDATION FOR SUCCESS

ENCOURAGE THOUGHT

As learning goes beyond facts to the application of those facts, literature study provides a unique opportunity to develop your students' ability to evaluate based on biblical worldview principles.

QUESTIONS

- 1. How was the Great Stone Face Ernest's teacher?
- 2. Why did the people at first think that Mr. Gathergold resembled the Great Stone Face? Why did they later change their minds?
- 3. What qualities did General Blood-and-Thunder have that were like the Great Stone Face? What did he lack?
- 4. How was Old Stony Phiz unlike the Great Stone Face?
- 5. How was the poet lacking in the qualities of the Great Stone Face?
- 6. What qualities did Ernest have that caused him to be like the Great Stone Face?
- 7. How can Proverbs 23:7 be applied as a theme of this story?

GRADE

When education—and everything else—goes into overdrive.

The junior year of high school is the most rigorous your teen will experience. He'll face pressures from every side as he focuses more on his future. So it's important that you, as a parent, remain involved in his life, even as he's doing everything more independently.

Looking Ahead

- Visit career expos and college fairs together.
- Take an on-campus visit to colleges your child is considering.
- Begin researching scholarships. Some of them will have early application deadlines come next fall.

Heads Up

Considering everything that needs to be accomplished this year, time management is critical. Help your teen organize and manage his time well. To-do lists that you both review together once a week or once a month can be a big help.

We have been with Abeka for 5 years now. My kids will graduate from this curriculum. We only planned to use it for a few years but decided to finish with it all the way through high school.

—Angela A.

We would like to say thank you to the entire Abeka staff. Our son, Luke, is finishing his junior year of the DVD Accredited program. He has been an Abeka student since the 6th grade. He took the ACT two weeks ago and we just received his test scores. His composite score was a 28. He is pleased with his score, but still plans to retest in September. We love your program and always recommend Abeka to anyone who asks. Thanks again!

Meet Your Teachers

Mrs. Baker - English

Mrs. Karmen Baker is eager not only to have her students learn the material but also understand its usefulness to their lives.

Mr. Collins - Plane Geometry

Higher mathematics courses can be intimidating to some, but Mr. Eric Collins seeks to help his students succeed by thoroughly explaining each concept and principle he teaches.

Mr. McBride - Life Management

In addition to being a well-loved instructor for high school courses, Mr. Denis McBride is a sought-after speaker who has frequently spoken at conferences around the country.

Mr. Smith - U.S. History

Mr. Mike Smith brings a high level of enthusiasm to each lesson and inspires his students to enjoy learning. Mr. Smith is a licensed scuba diver and makes a point of using his free time outdoors.

Mr. Crockett - New Testament

Mr. Bobby Crockett engages his students in biblical truth and practical application out of a desire to encourage youth to live for the Lord. He enjoys spending time with his family and additional ministry opportunities with young people.

Mr. Ridgley - Chemistry

Mr. James Ridgley uses his hands-on experience and understanding of intellectually challenging subjects to help his students succeed.

Miss Quinlan - Spanish 1

Miss Cindy Quinlan brings a cheerful energy to each lesson as she strives to help students grasp the details of Spanish grammar in order to enhance their understanding. Her prayer is that students grow in knowledge through their academic courses.

Abeka Academy

Engage your child and lighten your load with video homeschooling for every subject.

Your teen isn't fully mature yet, but much of the conflict you've encountered the last few years should be behind you. He wants to relate to adults as an adult. And the reality is, your teen is almost a grown-up.

Thinking Ahead

Work with your child to set a calendar for all that might need to happen this year, including:

- Completing college applications.
- Arranging for diplomas and transcripts.
- Applying for grants, aids, or loans.

Beware of Senioritis

Once a student is accepted to college, there's a temptation for him to coast. But easing up is a bad idea. Not only can bad habits carry into next year, some colleges have been known to rescind their acceptance of seniors who slack off. Make sure your child finishes strong.

LAYING THE FOUNDATION FOR SUCCESS

BUILD ON THE BIBLE

Genesis is a practical course that equips your student with tools to know, apply, and share his beliefs based on God's Word through topics of origins, wordlview, and apologetics.

> or raise beners with commonanties among them While God has clearly revealed truth in His Word, He gives man the free will choice to accept it or deny it.

Sample: God's Word is truth regardless of man's co mise or rejection of it.

How does this truth affect you? Include at least one verse that will support or help you apply this truth. Sample: I have the free will choice to believe the truth of the Bible to believe the fruth of the Bible regarding Creation or reject it. I must recognize that many around me have rejected the Bible as truth and, as a result, have rejected Creation (2 Tim. 4:3-4). I need to be prepared to articulate what I believe in order to share truth with others (1 Pet. 3:15).

My Worldview

Studying the infallible Word of God given through divine revelation by the infallible Creator leads us to a decision point. Do we believe what the Bible says as truth? For many today, truth is subjective, based on personal perspective. Fallacies and false beliefs are the result of man's compromise or rejection of the truth. If we believe as John 17:17 says, "thy word is truth," we find that science and Scripture are in harmony because both were gifted to us by our marvelous Creator. How am I and how are those around me responding to truth?

Genesis 1:1 sets the stage for the omnipotent and all-wise Creator to execute His plan for bringing mankind into existence and providing a beautiful world for him to inhabit and to subdue. Throughout the rest of Genesis and the rest of the Bible, God's power, holiness, and mercy are witnessed again and again as He offers those created in His own image the privilege of knowing Him and loving Him, as He first loved us (1 John 4:19).

Single-Subject Book Kits

Save time by ordering subject kits instead of several individual items. With a child kit, your child will have everything he needs for that subject. With a parent kit, you'll have the main materials you need to teach that subject.

Themes in Literature seeks to build biblical

character qualities in your student while increasing enjoyment of good literature. Each unit is based on themes such as courage, faith, power of words, perseverance, and humility. Leo Tolstoy, Nathaniel Hawthorne, O. Henry, William Cowper, and Guy de Maupassant are a few of the famous authors whose works are represented. Following all of the selections are questions to aid in class discussion and critical thinking. Literary terms are also introduced and demonstrated on specific selections throughout the text.

Truly nonevolutionary in philosophy, spirit, and sequence of study, this text begins with the familiar, tangible things of nature and concludes with God's amazing design at the cellular and chemical levels. Abstract concepts are tied to concrete examples through clear, easy-to-read explanations, laying a firm foundation for future studies. Key concepts listed at the head of each chapter, pronunciation helps, bold keywords, vivid photographs, full-color diagrams, section reviews, and chapter reviews will help your students learn. You'll lead your class through a study of botany, zoology, anatomy, and physiology that reflects the latest advances in man's understanding of living things without neglecting a foundation in the basics.

How Abeka Began

In 1954, Dr. Arlin and Beka Horton launched Pensacola Christian Academy in Pensacola, Florida, with the goal of giving children an excellent education with a Christian foundation. As a result of their success, Christian schools around the country began asking for help. Those schools needed textbooks, curriculum, and other resources to teach the children in their schools. That's when Abeka was born.

Soon Abeka expanded to publish materials for homeschooling parents wanting to give their children the best education possible.

Today, more than 40 years later, we're still dedicated to providing quality education from a Christian perspective. Abeka serves families with a parent-directed approach to educational instruction—the traditional approach proven successful throughout the history of education.

Children using Abeka receive an exceptional education—one based on the truth of the Bible instead

of humanistic philosophies. Our skilled researchers and writers don't merely paraphrase progressive education textbooks and then add biblical principles; they do primary research in every subject, looking at the subject from a biblical point of view.

You can trust Abeka because our publications are built upon a firm foundation of absolute truth and are written by dedicated, talented scholars who are well grounded in the practical aspects of teaching.
