

You'll need...

#237507

Computer
(with printer)

#235326

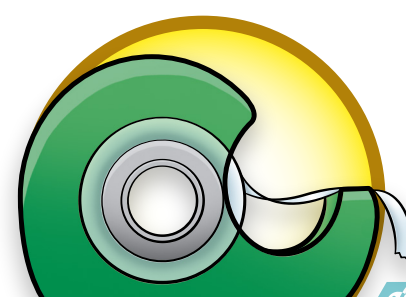

Printer paper

#220302

Scissors

#216011

Tape

Step 1 — Finding Art for your Visual

Find and download
your favorite Digital Art
from abeka.com

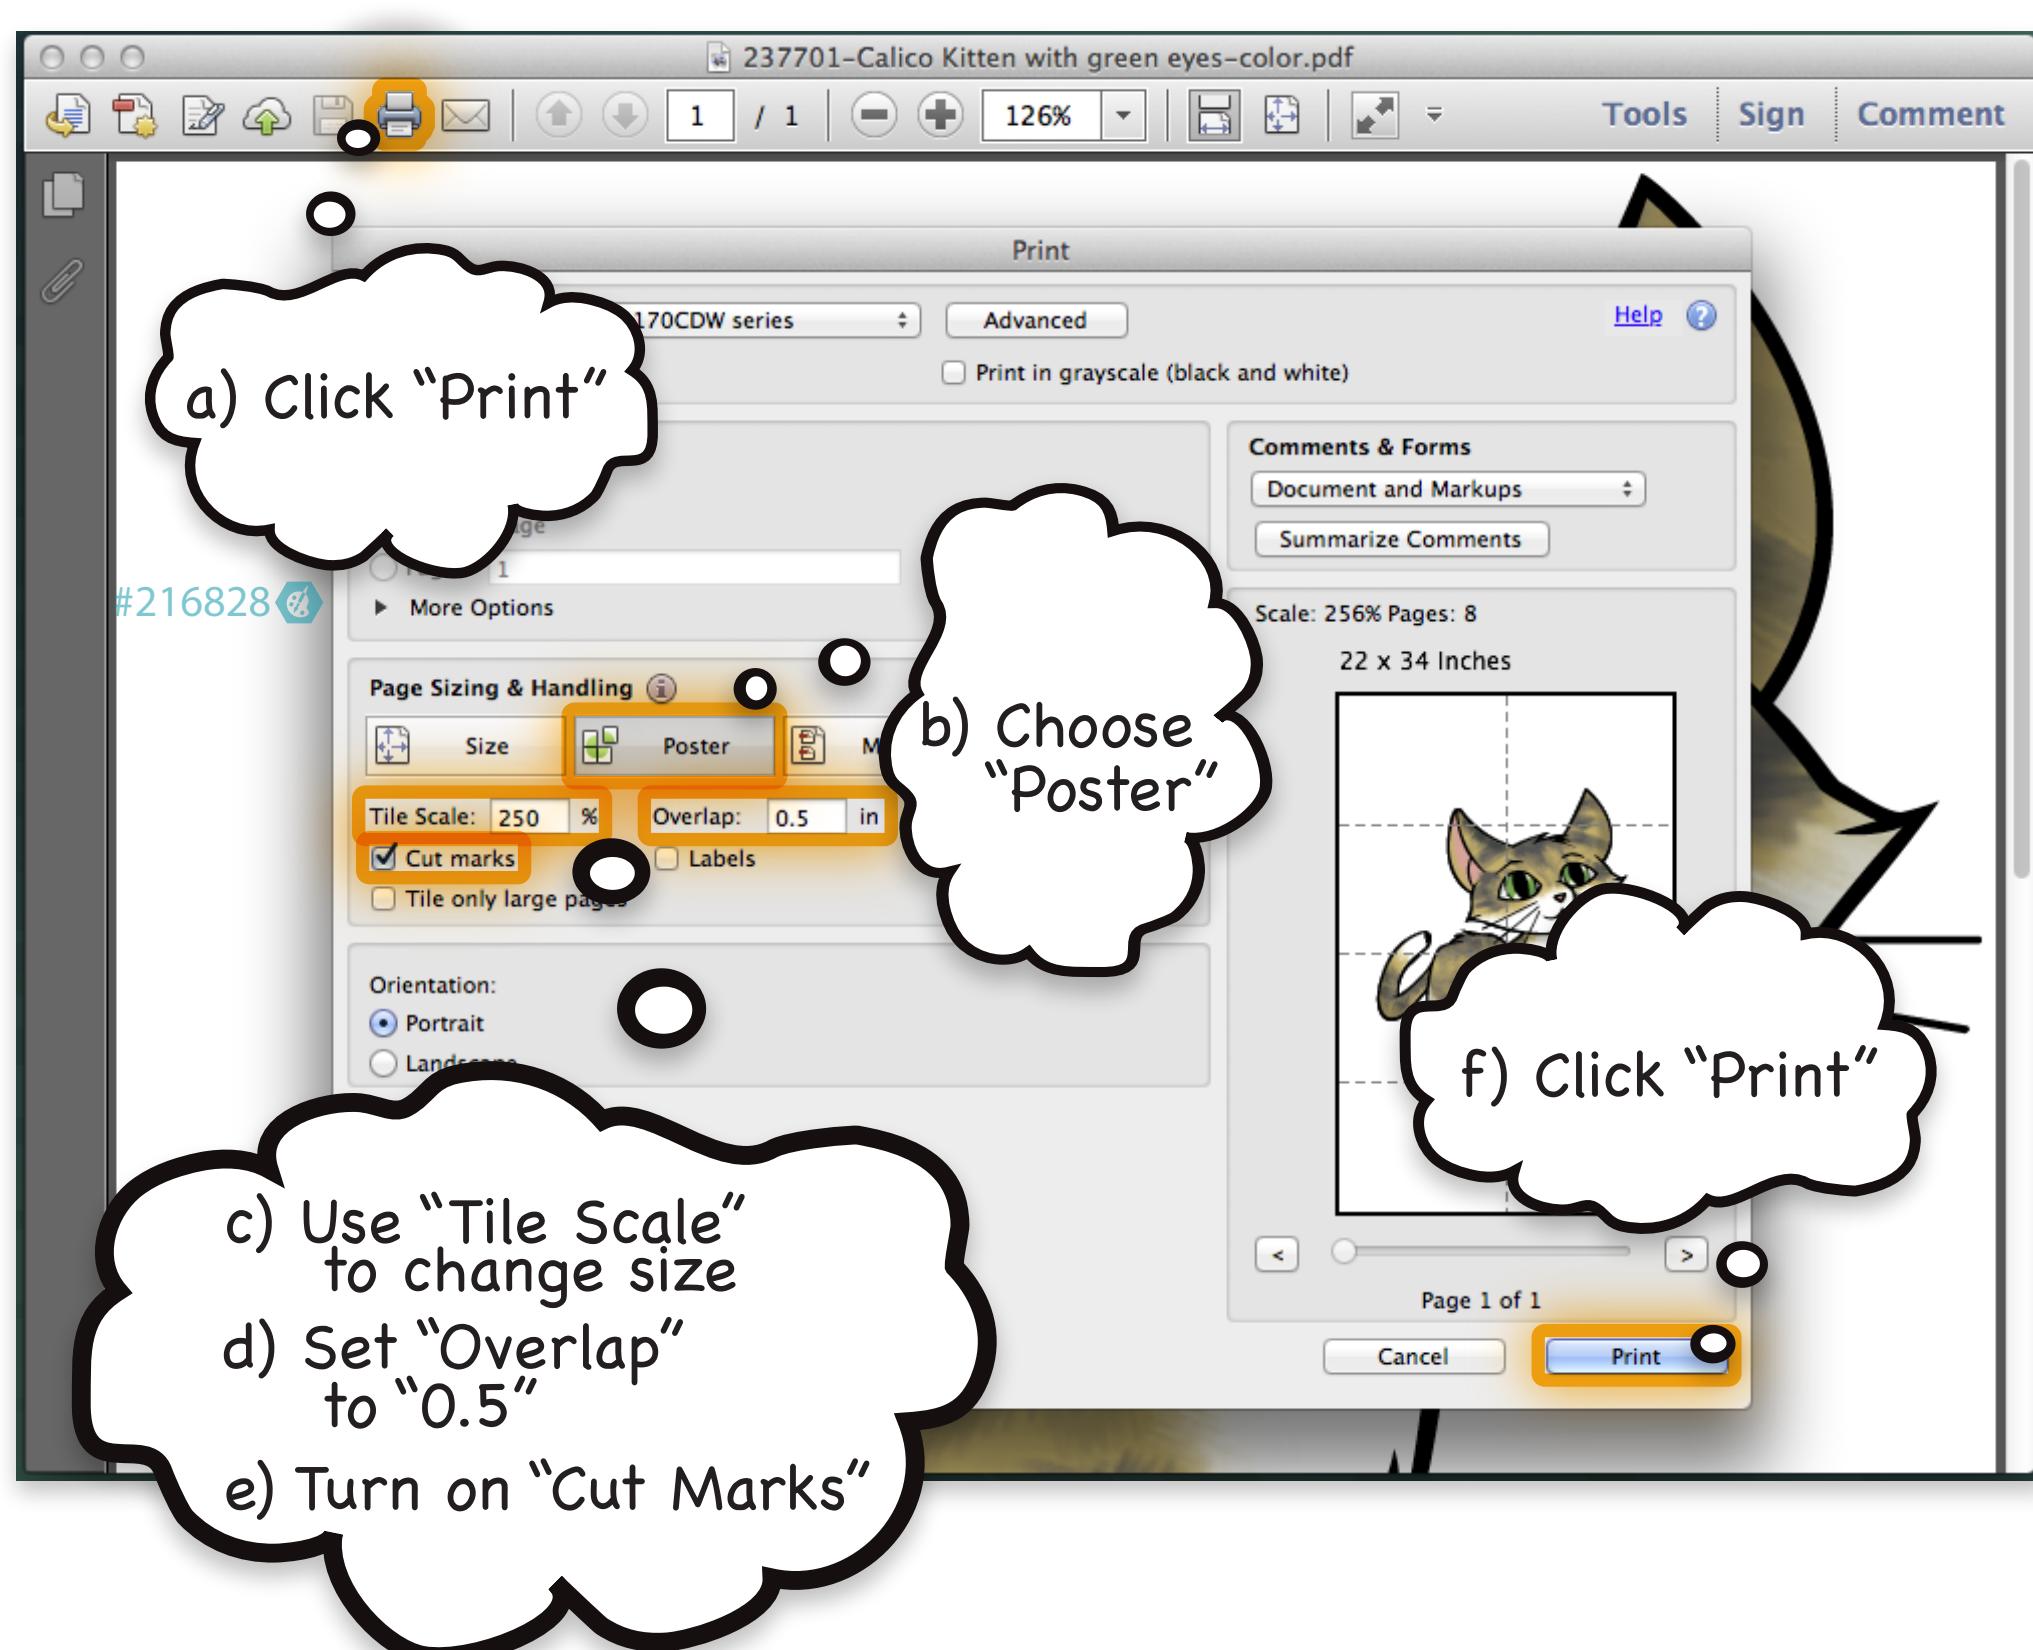

Open the PDF
using Adobe Reader

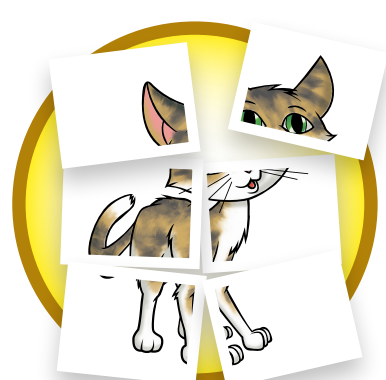

#211648 **IDEA:** Adobe Reader comes on most computers by default. Download the newest version at Adobe's website.

Step 2 — Printing your Visual on a large scale

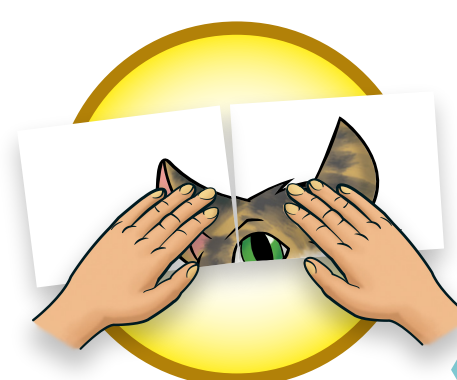

Step 3 — Preparing your Visual

Art will print
on multiple pages

Trim extra white
space off edges

Line up pages

Tape together

IDEA: Use a heavier paper, like card stock, for a sturdier result.

Step 4 — Displaying your Visual

- Trim
- Use as is
 - Laminate

Display

#236004

IDEA: Laminating helps retain the high quality of your Digital Art, allowing your visuals to have a longer lifespan.
