From the PRESIDENT

Troy A. Shoemaker, Ed.D.

Dear Educator,

We praise the Lord for the privilege of serving Christian schools around the world. As your partner in Christian education, Abeka strives to provide books that combine strong academics with a biblical worldview.

Students need the confidence that there is a God that loves them and has an amazing purpose for their life. They need a sound education and critical thinking skills to apply knowledge and solve problems creatively. Students need a biblical worldview to influence a world that is increasingly without hope and without answers. Your commitment to providing a sound education for young people will greatly influence the next generation of citizens and leaders.

We are excited about the future and look forward to hearing how God uses your school to impact the world for Christ.

PRESCHOOL

Program Highlights

Phonics | Numbers | Art | Poetry |
Music | Bible

Young children love to learn. That's why Abeka's Preschool program is an academic program, not just playtime. Two-year-olds and three-year-olds become students naturally as they're exposed to phonics, numbers, art, poetry, and the Bible.

What They'll Learn

They'll begin to recognize letter shapes and sounds, learn phonics and number concepts, practice listening skills and eye-hand coordination, develop early writing skills, and find out how to be kind, love God, share, obey, tell the truth, and be helpers. Flashcards, hand puppets, learning games, skill sheets, coloring sheets, and songs are used together in a variety of ways to help these young ones learn.

Age Appropriate

Abeka recognizes the differences in cognitive and motor-skill development between two- and three-year-olds. That's why separate texts are available for each age group, so that each child is challenged at an age-appropriate level where he can experience early success at learning.

Amber Lamb® and Button Bear®

Your teachers won't be alone. They'll have Amber Lamb® and Button Bear® to help them teach. These delightful mascots engage students in ways that words alone cannot.

Amber Lamb® is our mascot for phonics. Button Bear® is our mascot for numbers. Together with their friends, they help children learn, not just about academic concepts, but about how God wants us to live.

Every Day Is an Adventure

The Abeka Preschool program is full of fun activities for children featuring brilliantly colored games and beautifully illustrated teaching aids. Naturally, we offer Curriculum Lesson Plans to help guide teachers through how best to use these wonderful resources. By the time these little ones move on, they'll be well prepared—and eager—for Kindergarten.

KINDERGARTEN *K4 & K5*

Program Highlights

Phonics | Reading | Writing | Numbers |
Science/Health | Social Studies | Fine Arts | Bible

Four- and five-year-olds are eager to learn. When a teacher can harness their enthusiasm so that meaningful learning happens, she's laying the groundwork for children to excel, not just in Kindergarten, but for the rest of their formal education.

Abeka's Kindergarten Program capitalizes on this by giving children a solid foundation of basic skills through a balanced academic program that takes every facet of physical, emotional, and intellectual development into account. As a result, parents are thrilled to discover what their children can accomplish over the course of a year.

K4 and K5— Two Distinct Programs

Our K4 and K5 programs cover similar concepts and skills, but are two distinct programs, so that children are challenged at age-appropriate levels. Our K4 program serves as a bridge between Preschool and Kindergarten, while our K5 program prepares five-year-olds for a life of learning.

Naturally, character training is one of the ultimate goals of Christian education. With Abeka, every subject area, every teaching method, every attitude, every action of the student or teacher is a means to develop character—through traditional teaching methods, Bible teaching, and the formation of good habits. Read on to discover for yourself what Abeka's Kindergarten Program has to offer.

Phonics, Reading, and Writing— The Language Arts

Abeka has been successfully training young readers for more than 40 years, teaching basic reading skills using phonics. Our phonics approach isn't just sight-reading that's been garnished with phonics. It's systematic. It's thorough. And it works. With a solid foundation for developing exceptional reading skills, students begin reading actual words very early.

Once they can read words, their newly acquired phonics skills are applied. They read character-building stories that correlate with the phonics concepts they have already learned. Our phonics program is reinforced with daily seatwork activities that include words for phonics application and sentence comprehension.

In fact, this phonics approach is carried through in all areas of classroom teaching. Our Kindergarten handwriting books, for example—*Writing with Phonics K4* and *Writing with Phonics K5*—correlate with our basic phonics program to help students learn and review phonics as they practice correct writing formation.

"Our reading program is a success due to the incredible phonics program you have written."

—Principal, California

Cursive or Manuscript?

Abeka offers you a choice in your approach to teaching penmanship. However, we have long observed that by starting with cursive writing rather than manuscript printing, students develop good writing habits from the very beginning. Either way, Kindergarten students learn to write in a matter of months with our approach—cursive or manuscript.

Numbers

Abeka teaches the basics in counting, number recognition, and number concepts. Four-year-olds learn number concepts for numbers 1–20, as well as simple addition facts like $1 + 3$. For five-year-olds, their mastery of numbers goes from 1 to 100. They count and write by twos, fives, and tens, and learn addition facts through the 10 Addition Family. They also learn money value, telling time, number words, and number sequence.

Science & Health

Four-year-olds begin to learn the basics of health and safety, while five-year-olds learn about themselves and the world around them with *God's World*, our science book for K5.

They'll leave Kindergarten having already been introduced to God's plan for seeds, animals, the seashore, health, weather, and seasons.

Parents frequently express surprise that their children are actually reading.

Social Studies

Four- and five-year-olds learn about community helpers and simple safety rules, the beginnings of American history, and children around the world. These studies include simple geography and an activity book for K5 students.

Fine Arts

Abeka gives students opportunities for acting out drama and nursery rhymes featured during the activity time. They're introduced to poetry. They participate in cutting, pasting, coloring, tracing, drawing, and working with various textures through art. Their writing readiness, eye-hand coordination, visual perception, listening and thinking skills all grow.

As for music, four-year-olds enjoy singing from *Fun Songs for Little Ones*, while *Song Time for K5* adds traditional, patriotic, and learning songs to the collection of music they love to sing.

Bible

Abeka's Bible Program presents the Word of God in story form through our colorful Flash-a-Cards®. K4 and K5 each have their own sets of cards and lessons, which flow from the heart of the teacher into the heart of the student. The detailed Curriculum Lesson Plans include daily lessons, preparation tips, Bible doctrinal drill, hymns and choruses, and Scripture memory to assist you in imparting a biblical worldview from an early age. Plus, *Little Ones Sing unto the Lord* and *Sing unto the Lord* give Kindergarten students a full slate of hymns and choruses to be used during Bible time and other times.

Abeka Helps Kindergarten Be a Success at Your School

Teachers have their hands full with students. There's no need for them to create their own lesson plans, because our Curriculum Lesson Plans are born from years of the accumulated wisdom and experience of Christian educators. This incredibly helpful tool contains day-by-day lesson plans for the entire year, so that even a first-year teacher will be successful!

Best of all, a Christian approach to education and life is woven throughout. The curriculum saves teachers hours of time planning what to do and when, enabling them to focus on how to do it best.

As your school year begins to wind down, Abeka can supply you with many of the materials you need to put on a memorable graduation ceremony. Program covers for your graduation exercises, invitations for parents and friends, and diplomas for the graduates are available in different styles.
